connecting . . .

In a word, that's what we do.

Walker Area Community Foundation
2012 Annual Report

connecting

The ability to bridge our needs today with what will be needed in the future.

The desire to set an example that others may follow.

The understanding that the actions we take today will forever affect what our world is like tomorrow.

In this report we celebrate the donors, volunteers, nonprofit partners and leaders who work now to make our community a better place for generations to come.

What is the Walker Area Community Foundation?

The Walker Area Community Foundation is a permanent endowment that will forever help support the charitable needs of our community and improve the quality of life for the people of Walker County and the surrounding area.

The Foundation is governed by a volunteer Board of Directors of nine civic leaders selected for their demonstrative awareness of the educational, cultural, civic, public and other charitable needs of the Walker County area.

What does the Foundation do?

- Awards creative, visionary and sensitive grants that address the evolving needs of our nonprofit organizations.
- Leverages and multiplies local giving with outside sources of assistance
- Demonstrates community leadership by providing seed funding for the initiation of new, innovative, or missing services and aspects of a healthy, whole and fulfilling community
- Engages the next generation in philanthropy through Project Connect and Project Community and being a partner in Youth Leadership Walker County
- Connects local organizations with other resources to help cultivate informative and collaborative relationships
- Supports donors' planned giving options, providing benefits to the community and financial and tax benefits to the donor(s)

Connecting people who care with causes that matter

Connecting the right pieces of a puzzle can bring pride, joy and success. You can view the work of the Community Foundation much like completing a puzzle. We strive to connect the right people at the right time.

Unlike a puzzle, we do not always have a definitive picture when we start. We have an idea or the issue at hand and the shaping process begins by connecting people who care to the causes that matter. Together we work through issues, find resources and much like the cover of this report, create a web of connectivity.

That does not happen by accident. Everyday your staff and board consistently connect the broadest possible cross-section of people long before we need them to solve a 'puzzle'. We firmly believe that long standing relationships build trust and confidence, so we constantly work to develop relationships in all areas of nonprofit and community development. It is vital to a healthy community that the freedom to speak openly and candidly is valued. We strive to make a path for open conversation and positive action that is fluid and mutually beneficial.

Together we are tackling important issues such as quality education, affordable housing and economic vitality. The Walker Area Community Foundation, the county's largest grantmaker, provides support that enables local nonprofits to meet today's challenges and builds strong organizations that will deliver results in the future.

Community Foundations place the power of philanthropy with everyday citizens, all of whom share a common interest: improving the quality of life in our community. With your continued faith, support and volunteerism, we will transform Walker County into "THE Place" to live.

Project Connect, Project Community

connecting... philanthropy

At the Walker Area Community Foundation we believe philanthropy is a learned behavior across generations. For us, a philanthropist is simply defined as someone who gives of their time, talent and treasure toward making the world around them a better place. In 2012, 10% of the Foundation's giving to the Community Fund came from donors under the age of 35. This age group is a leader in the Community Fund's grantmaking as well. Youth Leadership Walker County (high school juniors) and Project Community (ages 25–35) researched and gave to charitable organizations in Walker County. These groups have exhibited tremendous wisdom in carefully selecting grants that will positively influence our community's future. The Foundation recently began Project Connect for 35-55 year olds who will give together in the same manner.

"We were thrilled when the Community Foundation joined us as a partner in Youth Leadership Walker County. The Foundation offers our students a greater understanding of philanthropy and helps them make better choices when giving back to their community."

Linda Lewis, Chamber of Commerce of Walker County, President

"We love working with local partners such as the Walker Area Community Foundation to increase United Way's outreach and impact in the Walker area."

Courtney Newton, United Way of Central Alabama, Community Initiatives Coordinator

Top to bottom:
Walker County Long Term Recovery Committee and partners, Garden Fest 2012, Watch 20/20 partnership

connecting... partners

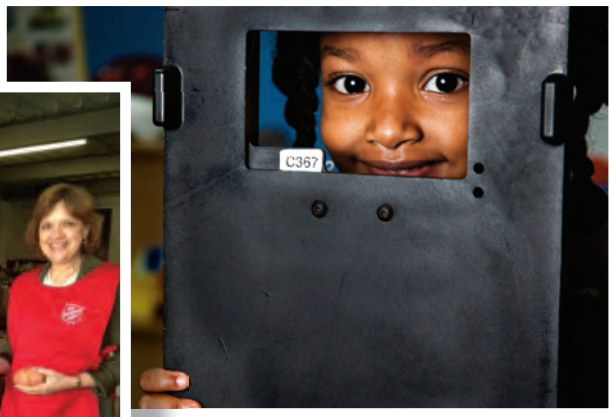
The issues confronting our community are too complex for any single organization to address alone. It is vital that we as a Foundation bring in the technical and economic resources needed to be the change we want to see in our community. From local nonprofits, businesses and academic institutions to regional funders and national partners, your Foundation is connecting our community with the partners who can help.

connecting... nonprofits

One of the Community Foundation's annual objectives is to offer the resources needed to improve the management of our nonprofit organizations. We are fortunate to have a staff experienced in connecting local executive directors to people and services that help them fill gaps in their mission. The Nonprofit Council of Walker County was established a decade ago to offer our nonprofits the ability to share ideas, resources and troubleshoot problems together.

"I have enjoyed working with the Nonprofit Council over the last two years bringing together nonprofits to discuss what's working, what's not working and to plan for the future."

Amelia Trowbridge, Walker County Nonprofit Council, Chairman



Clockwise from far left:
Community Food Bank of Central Alabama and The Salvation Army, Impact Alabama FocusFirst, Walker County Nonprofit Council

connecting... ideas

We're proud that Walker Area Community Foundation does not simply adapt to change. We help to drive it. A critical role for the Foundation is to know the issues and trends going on in the community and create solutions to make things better. We hear your thoughts, wishes and dreams and work to make them reality. It's what we do best, connecting people who care to the causes that matter.

"The Foundation listens to ideas and convenes people in our community who will help carry those ideas forward. The Hope Clinic, Walker County Arts Alliance, Watch 20/20, Community Gardens and Long Term Recovery Committee (formed after the devastating tornadoes in April 2011) are just a few examples of projects that have bettered Walker County because one person had an idea."

Carol Savage, Former Executive Director Walker Area Community Foundation

Clockwise from far left: Samuel Lee Smith Fund Summer Art & Reading Program, Cordova and Auburn University Urban Studio Master Plan Study, Community Gardens for promoting a healthy lifestyle at Capstone Rural Health Center

"Recruiting industry is a highly competitive pursuit with many components. While fiscal and geographical considerations are of paramount importance, on par is the culture of the community. Nothing speaks louder about the caring culture of this community than the outreach activities of the Walker Area Community Foundation."

David O'Mary, Jasper Industrial Development Board, Chairman

connecting... leaders

We believe leadership is as much a learned behavior as it is a condition of birth. The Foundation has devised programs and is always looking for better ways to grow leadership at every level of the community. Directly or indirectly, the Foundation is involved through staff time, grants to nonprofits and supplying speakers to motivate and inspire.

connecting... generations

The Bankhead House & Heritage Center is an impressive on-going initiative of the Walker Area Community Foundation connecting our honorable past to our hopeful present while showcasing our optimistic future. Purchased, renovated and maintained by the Community Foundation because of the generosity of a few special donors, the Bankhead House & Heritage Center is here to serve as a permanent and lasting presence in our community.

The mission of the Bankhead House & Heritage Center is to be a place where people from all walks of life whether residents, artists, historians or tourists gather to experience a diverse range of exhibits and events with a focus on culture, history and varied forms of art and music to showcase pride in our beginnings, what we have to offer today and where we are going in the future.

Please visit www.wacf.org for our schedule of exhibits and events.

"Bankhead House & Heritage Center …It's a pleasure to volunteer in this handsome house and to realize it represents a heritage we Walker Countians are proud to claim. The Heritage Center reflects the excellence the Foundation has shown in its outreach and community involvement. It's a good feeling to be a part."

Kathryn O'Rear, Community Volunteer

What is the Community Fund?

The Community Fund is an endowed fund that enables the Walker Area Community Foundation to respond strategically to community issues as they arise. Based on our knowledge and research, the Community Fund supports a wide variety of subject areas and organizations through a competitive grants process and other special initiatives.

This is not a new concept for us. The year 2012 marked our 17th year as a Community Foundation. Seventeen years of gathering people, funds and organizations together; seventeen years of growing through prudent management and collaborations with other agencies; and, seventeen years of grantmaking to respond to the most pressing needs of the community.

In 1995, following a suggestion from John T. Oliver, Jr., Pat Willingham and the Community Health Systems Board set aside $6 million in proceeds from the sale of the Walker Regional Medical Center to begin the endowment for the Walker Area Community Foundation. This donation has served as a nucleus for funding worthy causes that might otherwise go lacking.

Other community leaders involved in the formation of the Foundation were the late J. George Mitnick and Larry Drummond. Together, Oliver, Willingham, Mitnick and Drummond created a Foundation that serves as a cornerstone on which solutions to our community's greatest problems are addressed.

Since 1995, the Foundation's endowment has grown from the original $6 million to more than $23 million due to the wise investments by the professional managers selected by the Board of Directors, but mostly because of the faithfulness of our donors.

The coming years are times of even greater promise and the Community Fund will be the catalyst for real community change. If you have a desire to be part of the future of Walker County, please call 302-0001 or visit our website at www.wacf.org.

Contributions to the Foundation may be made through honorariums, memorials, endowments, general donations, annual pledges and bequests. For online giving or information about our funds, visit www.wacf.org.

What are Component Funds?

Donors who have chosen to endow their passion by establishing a component fund provide endless support to charitable causes they hold dear.

Component funds allow an advisory committee to focus on charitable needs and leave the administrative tasks to the Foundation. These funds are a permanent source of community capital, helping the Foundation do good work today and far into the future.

There are so many success stories behind each fund that we cannot fit them all on this page. There are business, family and organizational funds, each with its own purpose and history, but all gain strength from being managed together. Anyone may donate to any fund at any time.

Bankhead Fund was started by Walter Will Bankhead and has a long history of providing general philanthropic dollars for our nonprofits.

Barbara Drummond Thorne Fund, given by her estate, offers financial aid to the organizations that were closest to her heart.

Drummond Company, Inc. (DCI) Fund provides aid to present and retired employees of Drummond Company who suffered damage because of the April 27, 2011 tornados.

DTS Fund works to improve the quality of life in Cordova by addressing immediate needs.

Emergency Unmet Needs Fund focuses on meeting the emergency unmet needs of Walker County residents who have suffered damage due to natural disasters.

Excellence in Education Fund supports the Jasper City School system and its teachers with expenses not included in the general budget.

Faye and Lewis Manderson Fund seeks to affect positive change and growth in Cordova through advancing and improving structures and programs benefitting residents.

Health Providers Network Fund is a working group of Walker County health-related organizations striving to improve the health and lifestyles of our citizens.

Jasper Recreational Fund supports the expansion of recreational opportunities and programs, making Jasper's recreational package exceptional for Alabama.

Matthew Crump Fund supports the efforts of men and women engaged in emergency response and provides material support to special needs citizens within Walker County.

Reed Family Advised Fund supports general philanthropy while keeping in mind the importance of serving the basic needs of families.

Rotary Club of Jasper Fund is an endowed fund of the Rotary Club of Jasper, this fund strives to improve the quality of life for families and individuals in our community.

Samuel Lee Smith Advised Fund helps children and youth live their lives to the fullest by making grants to encourage strong health, athletics, scouting, religion and the arts – especially to those needing financial assistance.

Sherer Family Foundation Fund supports the aesthetics of our community and the fine arts of the Walker County Area, its facilities, grounds and environs.

Cover artwork by Madison Redmill, Walker High School/Youth Leadership Walker County
Artwork reflects Madison's concept of "Community"

tribute

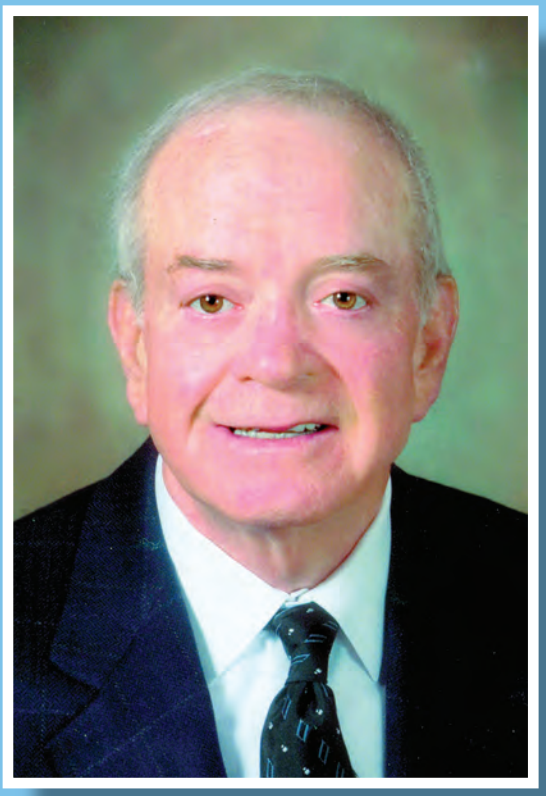
In August 2012, we lost one of our greatest supporters, leaders and friends. Elbert Allen "Larry" Drummond was one of the insightful founding board members of the Foundation. Larry was committed to giving back to his community and educating others to do the same.

Along with a handful of men, Larry had a vision for our community that extended well beyond his generation. Together, they formed the Foundation knowing that it would serve as a cornerstone for nonprofit organizations and people in need for future generations.

Larry had the "heart of a servant" and was active in a variety of civic and educational organizations in Walker County and Alabama. Beyond his work at the Foundation, he lived this commitment by serving many organizations through participation on their board of directors or sharing of his time and knowledge. One of those near to his heart was the Boy Scouts of America.

John T. Oliver, Jr., fellow founding board member said, "We have lost a truly great citizen in the passing of Larry Drummond. In his quiet way, he provided this town and region with a vision and leadership toward making this community a better place. We will all miss him."

Larry led by example through his dedication to family, church and community. One will never know the countless individuals he helped in so many big and small ways throughout his life.



Elbert Allen "Larry" Drummond
