

Friends *of* the Foundation,

In 1995, the Walker Area Community Foundation was just an idea. That idea, along with thoughtful planning and action, has become one of the fastest-growing community foundations in the United States. It seems unusual that a Foundation in rural Walker County, Alabama, would find its place in national publications showcasing growth. Unusual as it may seem, it is not hard to see why. We are a community of people that care for each other, know the importance of giving and teach the next generation to do the same.

Our accomplishments haven't happened overnight, just as our problems haven't happened overnight. We share

your frustrations with the constant negative reports about Walker County on regional and national news. I think we can agree that it takes all of us working together to continue the change from negative to positive. There will always be community issues, yet here is our promise to you—there will always be a Walker Area Community Foundation to help

deal with those issues. We will always be here to empower our citizens to create change: to encourage our nonprofits to dream bigger and to fund them to do so: to engage our

city governments and county leadership to plan together a course of action that occasion and conscience demand.

Walker Area Community Foundation fully believes our greatest days are not the ones behind us, but the ones before us. With your help, we are building a better life for all who live and work in Walker County. With your continued support, our next 25 years will transform our community. With all of us working together, it's going to be amazing.

Robbin Reed Allen

Robbin Reed Allen
Chairman, Board of Directors

WALKER AREA Community Foundation

25 YEARS *of* SUSTAINABLE GIVING

Matthew and Ashley Laird Fund

A FAMILY LEGACY: The Matthew and Ashley Laird Fund

When Matthew Laird thinks over his history in Jasper, he has fond memories of a great childhood playing Little League baseball, attending First Methodist Church, and many little milestones along the way that make him smile. Matthew met his wife, Ashley, while in school at Beville State, and they continued their education at the University of Alabama. After graduation, Matthew took a job in finance, and they moved to Helena. They now have two sons and are heavily involved at The Church at Cahaba Bend as the interim Youth Directors.

As they looked at their financial situation, they decided that it was important for them to branch out beyond Helena in their charitable giving, not abandoning their current community, but to make an impact in a broader way. They believed it was important to focus their expanded giving in Jasper, their hometown. After some research on how to do so, Matthew met with Paul Kennedy, President of the Foundation. Paul shared the Foundation's very clear vision on how we use the resources entrusted with us to change lives in Jasper.

Matthew began serving on our Grant Review Team where, he meets one-on-one with applicants to dig deeper into their request. Matthew

says, "This process ensures funds are given away for the right reasons to the right people. Donors around the community come together to pool their resources to take on larger challenges and to allow their gifts to go further. Because of this, the Foundation can tackle those bigger projects and needs when all of our gifts work together."

As donors and supporters, Ashley and I believe that the greatest accomplishments of the Foundation are not only those accomplished in the past, but what we will all accomplish together in the future. We look forward to seeing what we can all do together.

The Matthew and Ashley Laird Fund, a Donor Advised Fund, was soon created to support general philanthropic needs. "As donors and supporters, Ashley and I believe that the greatest accomplishments of the Foundation are not only those accomplished in the past, but what we will all accomplish together in the future. We look forward to seeing what we can all do together."

What Is a Donor Advised Fund?

The Walker Area Community Foundation welcomes the opportunity to partner with individuals and families who wish to be actively involved in grantmaking. The IRS allows all Community Foundations to offer donors the option to make tax-deductible gifts to the Community Foundation, creating a Donor Advised Fund from which they may recommend grants over a prolonged period of time. The Fund is named by the donor and can be established immediately, which generates a charitable tax deduction for the donor.

THE BENEFITS OF DAFs

- Eliminate the need to obtain a receipt from each charity receiving gifts.
- Include professional assistance and administrative support in grantmaking.
- Build a permanent legacy to sustain donors' charitable interests.

It is the goal of the Community Foundation to provide educational resources that will keep donors informed of the region's charitable needs and opportunities. This is accomplished primarily through one-to-one communications with donors. The staff makes every effort to tailor this information to the donor's areas of interest. Overall, the Community Foundation serves as a resource to donors in analyzing and deciding on grant recommendations.

**2020 STANDARD
TAX DEDUCTIONS**
\$12,400
for Single/Married Filing Separately

\$18,650
for Heads of Household

\$24,800
for Married Couples

TYPES OF GIFTS

DONATE GIFTS OF CASH

Donors can now deduct up to 60% of adjusted gross income for contributions of cash — up from 50%. If your cash donations exceed that limit, you can carry forward any unused deductions for five years.

DONATE GIFTS OF APPRECIATED STOCK

When you donate stock, you can deduct the full value of the stock at the time you donate it and avoid tax on the appreciation or capital gains.

DONATE NON-CASH ASSETS

You can also donate other non-cash assets, such as real estate holdings or art collections. The charitable deduction will depend on the type of asset and whether it is put to a related use.

COMPONENT FUNDS

Component funds allow families, individuals or organizations to focus on the charitable needs of our community and leave the administrative tasks to the Foundation. These funds are a permanent source of community capital, which will help the Foundation to continue its work today and far into the future.

Behind each fund is an abundance of success stories, so many that we cannot possibly fit them on one page. You can see, however, that there are family funds and organizational funds. Each one holds its own purpose and history, but gains strength from being managed together. Donations can be made to any fund at any time.

How the Onward Fund is making a difference ...

In January 2019, the Foundation Board of Directors established the Onward Fund. The purpose of the fund is to foster efficient, streamlined service delivery to people in need, moving individuals and families forward rather than seeing progress stop because of a lack of funding.

You can think of it as bridging the gap from being in need after exhausting all other resources to then being on the path to success and moving “onward” in life.

NONPROFITS MAY APPLY ON BEHALF OF INDIVIDUALS FOR CASES THAT MEET THE FOLLOWING CRITERIA:

- Client issues that are outside the bounds of normal nonprofit funding and therefore stop forward progress for families or individuals to become financially stable.
- Clients who have been financially stable but have an emergency situation that has created a single need that a nonprofit cannot support (i.e., broken car part).
- Deferred maintenance on homes that are owned by the client that create an environment that is not safe, sanitary or secure.
- Foster families in support of preparing their home for foster children, as well as to meet the needs of children once placed. Funding from DHR must be exhausted before applications are eligible for funding.
- Needs such as food, shelter, utilities and medications are not considered for funding, as they are already supported through the Walker Area Community Foundation's normal grant process.

This 8th grader at Jasper Junior High School received dental care, tooth removal and new braces.

CLIENTS OF LOCAL ORGANIZATIONS RECEIVE THE HELP THEY NEED TO MOVE ONWARD ...

Jasper Area Family Service Center

- Client was a 35-year female with one child in 2nd grade. She has participated with the Center's 2Gen Work program, which includes case management, individual and group meetings and 8 weeks of parenting classes. She moved into an apartment and is working on obtaining a driver's license. She works part-time at a local restaurant and receives some disability payments. Often, going without healthy teeth/oral care creates barriers for individuals in employment situations; the fund paid for her dentures and dental care.

Jasper High School and Jasper Junior High School

- Student was injured outside of school and broke his tooth. He doesn't have family support or funds to pay for a dentist. This type of damage could create barriers for him in the future. The fund provided the needed dental care for his damaged tooth.

- An 8th-grade student needs orthodontic care. She needed 8-9 teeth removed and braces, as her teeth were badly displaced. Her Medicaid paid for the surgery, and the cost of braces was covered by the Onward Fund.

Mission of Hope

- Client is a single mom of three children ages 3, 7 and 11. While attending the Mission of Hope food bank, she attended classes at Beville State Community College. She has received three certifications and has a job at St. Vincent's Hospital as a Patient Care Tech. She has also received certification as a PCT, certified in Phlebotomy and EKG. The Onward Fund provided funding to help the client with nursing scrubs and shoes for this position to be able to start her new job.

- Client just started a new job with RPS and is going to school. She has one child and is a single mom. Her child support is behind, and this has caused her to not be able to pay her rent and power bill. She is struggling and trying to get on her feet. She is taking all the right steps but needs a hand-up to get started. Onward Fund partnered with the Walker County Coalition for the Homeless and awarded a small stipend for rent, the portion the Coalition could not cover. Walker County Community Action Agency provided funding for her utilities.

- Client has seven children in the home from ages 2-21. The older children have disabilities. They are a low-income family and struggle from day to day. The van that she uses to transport the children needed repairing; the Onward Fund awarded funding to fix the van.

St. Mary's Episcopal Church

- Client needs help getting to the good job where he has been hired out West, and will take 3-4 days to get there. He had a car accident, which depleted the money he had saved to go to the job. He needed travel funds to get to the job he contracted for in time to keep his job and the Onward Fund provided these funds.

Walker County Coalition for the Homeless

- Client is a single mother with two children. She works full-time making \$10 per hour. Her oldest child is in kindergarten. She has an apartment, but her car has been disabled for about 4 months. She had to ask for rides for several months and is very determined to keep her job. The Onward Fund awarded funding to fix the car. With her car fixed, she will struggle, but she will be able to continue to work and retain her apartment and take care of her children.

- Client has major pain from tooth decay related to drug use and lifelong neglect. He has spent one year in a treatment program and has been clean a total of 14 months. He has been very proactive in finding work and interacting with the courts regarding clearing his tickets and regaining his driver's license. The Onward Fund awarded funding for his dental care.

- Client in need of a complete set of dentures. The client has a good job but has extensive damage to her teeth from a meth addiction that she had in the past; she has been clean for 1 year. Up until a year ago she was also homeless and spent 8 months in jail. She has since gotten her life together, gone through court ordered classes, and is following the requirements of her probation. She was able to purchase a vehicle and regained full custody of her children through DHR once she obtained suitable employment. The Onward Fund awarded funding for her dental care.

- Client in need of assistance getting power at her new apartment. She is a teacher and was in the hospital for several weeks. During that time her power was turned off, and she lost her apartment. She has since become eligible for public housing but could not get service at the new address because she owed an old bill and did not have funds for a deposit. The Onward Fund paid her delinquent bill and deposit.

- Client in need of help with a variety of needs: help with a past due power bill, her car quit on her and had to be replaced, she had a payday loan, and she was 2 months behind on her rent. She is a single mother with a job but was just getting by. The car having to be replaced was a huge challenge to her budget. The Onward Fund helped the client get caught up on her bills.

Walker County Community Action

- Client is with the Department of Human Resources (DHR) jobs training program and must go to the Community Action Agency for training. Her truck stopped working and DHR will assist with some of the repairs, but she needs to update her automobile insurance. The Onward Fund awarded funding to update her insurance. She is trying to get her life in order because of her one-year-old son. The Community Action Agency is assisting her with her job search and basic computer training.

- Client is a 66-year-old male and suffering from Parkinson's Disease. He has been disabled since 1985. The air conditioning in his mobile home stopped working, and the cost to repair was more than he could afford. Because of the client's medical condition and small fixed income, the Onward Fund paid for these repairs.

Youth Advocate Program

- Client needs to reinstate her driver's license and pay associated fines. The client has been in jail and rehabilitation in the past. She has made great progress, has been clean for over two years and is following the requirements of her court-ordered goals. She is taking GED classes and needs to find better employment once her license is returned. The fund paid for her to get her driver's license.

NOTE: Funds for these grants go directly to the nonprofit agency, not the individual.

Don Drummond Family Fund Special Grant Cycle: “Bricks and Mortar” Grants and “Operations and Program” Grants

At the end of 2019, the Don Drummond Family Fund still had grant funds to give to nonprofit organizations. Working with the Fund advisors, the Community Foundation opened a grant cycle just for this fund. Applications focused on program related expenses as well as construction projects, renovation projects and routine building maintenance costs. The following grants were awarded:

Arc of Walker County: to build walkways and repair a foundation at their group homes, along with funding for computer upgrades.

Backyard Blessings: for expansion of their weekend food program to serve additional schools.

Bevill State Community College Carl Elliott House Museum: to make repairs to the museum and historic home.

Boy Scouts of America/Black Warrior Council: upgrade sleeping facilities at Camp O'Rear and to purchase robotic kits.

Carl Elliott Regional Library: HVAC replacement

City of Cordova: funding for the development of Mill Park.

City of Jasper: funding to purchase vehicle designated for animal control.

Concerned Citizens for our Youth (Beacon House): purchase of a new computer system for their clients.

First United Methodist Church: renovations to the basement of the church for their preschool.

Carl Elliott Regional Library

Walker County Community Action Agency

City of Jasper Animal Control

Free Will Baptist Children's Home: to replace HVAC in their residential homes.

Friends of Downtown Jasper: funding for the development of Town Creek Park.

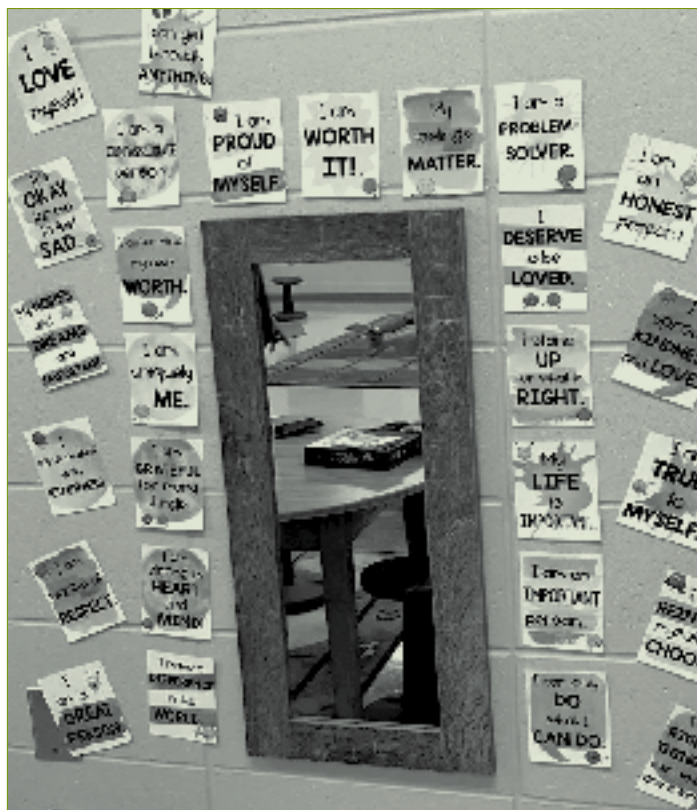

Greater Birmingham Humane Society: support for the spaying and neutering of animals in Walker County.

Hope House Church: pave the parking lot.

Indian Creek Youth Camp: to repair the roof on the gym.

Jasper Area Family Services Center: renovations to the building to have an area to add a satellite office of Capstone Rural Health Center.

Mission of Hope: needed to replace work tables in the assembly area of the food closet.

Youth Advocate Programs

Friends of Downtown Jasper Town Creek Park

St. Mary's Episcopal Church: make renovations to start a First-Class Pre-K program.

Salvation Army of Walker County: replace HVAC system and purchase a delivery truck.

Town of Parrish: to complete renovations to their Senior Center.

Walker County Arts Alliance: funds for art programs and operations.

Walker County Children's Advocacy Center: to make building repairs.

Walker County Coalition for the Homeless: to provide emergency shelter.

Walker County Community Action: to purchase a passenger van to transport students to and from their programs.

Youth Advocate Programs: to provide additional services for at-risk youth.

Indian Creek Youth Camp

Parrish Senior Center
