

Andy Byars, Samantha Byars, Norra Byars, Eliza Byars, Caroline Byars and Andrew Byars

The Walker Area Community Foundation is proud to announce the creation of the Andrew and Samantha Byars Family Fund.

This fund was established to help meet the needs of children in our community. Andy and Sam have four young children, so helping meet the needs of children is important for them.

What does Walker County mean to you and your family?

Andy: "Sam moved to Walker County when she was young, and I've lived here all my life. We raised our family there for the last six years, and it is our home. Even though God moved us away to a different place, we still want to continue to give back to our community. It's always been a special place, and we've always wanted to be active in the Community Foundation."

Why did you choose to start a fund with the Community Foundation?

Andy: "A major reason why we chose to start a fund with the Foundation is because I'm familiar with the people who run the organization, and I have become very comfortable with them and trust them very much. It's also because of the flexibility of being able to give to different things. What may be on your heart one year could be different the next year. So having your resources all in one general place and still have the ability to give to multiple organizations is something that drew us to the Foundation. We want to be able to help grow the community and continue to build upon the foundation that the Walker Area Community Foundation has already started."

WACF awards a total of \$3,263,094 in grants for 2021.
